# Tahini Recipes

TRY SOME OF THE RECIPES FROM OUR "OPEN SESAME" BOOKLET

## *Homemade Tahini* **MAKES:** 16 tablespoons

### YOU'LL NEED:

- 4 cups hulled sesame seeds
- 3 tablespoons olive oil

### TO MAKE:

- 1 Gently toast the sesame seeds (stirring constantly) in a saucepan on medium low for 5 minutes, or until slightly golden. Then, let them cool to room temperature.
- 2 Once the sesame seeds have cooled, add them to a food processor. Blend on high until the seeds become a paste.
- 3 Add the olive oil and blend to create a creamy consistency. If the consistency needs further thinning, add water until it reaches the consistency of a soft paste or thick sauce, according to your preference.

## *Hummus* **MAKES:** 6 servings

### YOU'LL NEED:

- |  |                               |
|--|-------------------------------|
| 2 cups chickpeas                         | ½ teaspoon sea salt           |
| ¼ cup tahini                             | Cracked black pepper to taste |
| ¼ teaspoon garlic granules               | ¼ cup extra virgin olive oil  |
| Juice of 1 to 1-½ large lemons, to taste | Cold water                    |

### TO MAKE:

- 1 Put the chickpeas, tahini, oil, garlic, salt, pepper, and lemon juice in a blender or food processor (blender will give you a much smoother hummus).
- 2 Begin to blend and add the cold water as needed to create a smooth purée.
- 3 Taste and adjust to your liking.
- 4 Transfer to a bowl and drizzle with olive oil.
- 5 Garnish with za'atar, paprika, parsley, and extra chickpeas.

## *Tahini Vinaigrette* **MAKES:** 4 servings

### YOU'LL NEED:

- |                              |                            |
|------------------------------|----------------------------|
| ⅓ cup extra virgin olive oil | ¼ teaspoon garlic granules |
| 2 tablespoons lemon juice    | ½ teaspoon sea salt        |
| 2 tablespoons tahini         | ⅛ teaspoon pepper          |

### TO MAKE:

- 1 Combine all ingredients in salad shaker. Seal, and shake to combine ingredients.
- 2 Serve immediately.

## HERBAL EVENTS AND SPONSORSHIPS

Since we started business in 1976, Frontier Co-op has offered an extensive selection of bulk herbs and has been an active member in the herbal community.

We sponsor more than 30 herbal events each year across the United States—exhibiting at some of these events as well.

The herbal events we sponsor are typically symposiums, conferences and seminars dedicated to educating people about how to use herbs. The events are attended by professional herbalists, teachers and herbal enthusiasts. We welcome the opportunity to support herbal education by sponsoring these events—and to share our messages about Frontier Co-op quality and sourcing.

Here are some of the events we're sponsoring in the next couple of months:

Sponsored Herbal Event	Date	Location
Midwest Herb Fest	8/2	Monterey, IN
Northwest Herb Symposium	8/22	Coupeville, WA
New England Women's Herbal Conference	8/23	Newfound Lake, NH
International Herb Association (IHA) Annual Conference	9/21	Glouster, OH
Madison Herb Faire	9/21	Madison, WI

## HELPING GROWERS

We improve the lives of people in many of the communities where our products are grown with donations that fund educational opportunities, medical facilities and infrastructure upgrades. Our growing partners guide us in choosing projects—and those partnerships themselves are extremely important to a great number of lives in the growing regions.

By dealing directly with the small growers planting and harvesting the botanicals we sell, we provide stable markets and good crop prices that go entirely to the growers rather than being shared with middlemen. By sourcing directly, for example, we reduced the traditional cardamom supply chain of seven links (mostly progressively larger middlemen and collectors) down to only three links — farmer to farmer co-op to our co-op supplier. The extra income from these direct partnerships makes life better for everyone in the often struggling agricultural communities.

We also help our grower partners with the training, technical support and equipment they need to improve their operations. We've helped a number of growers achieve organic and Fair Trade certification, providing them with more income and social premiums. And we help growers expand their crop selection, boost efficiency and improve product quality to increase their earnings. A few years ago, we started an organic turmeric development project with our Well Earth partner in Guatemala and created a new source for best-color, high-curcumin turmeric for Frontier—and another income stream for our co-op partner.

## PARSLEY – A QUALITY CHOICE

There are two main types of parsley — the familiar curly leaf and flat leaf. Most suppliers sell the more common, weaker-flavored curly leaf parsley (*Petroselinum crispum*) because it's easier to bottle.

Our Frontier Co-op and Simply Organic brands sell only the more robustly flavored flat leaf parsley (sometimes called Italian parsley), *P. crispum* var. *neapolitanum*. We choose to fill our bottles with the most flavorful organically grown parsley available.

Also, since minimizing the time from field to dryer is critical for parsley quality, our suppliers mechanically harvest our flat leaf parsley and immediately transport it to a gas-fired indoor drying facility to maximize quality.

At-the-source choices like this mean better products for our customers.

**MATCHA GREEN TEA POWDER ORGANIC**

Our Matcha Green Tea Powder has a heavy-bodied fresh, vegetal flavor.

To make matcha tea, sift 1/2 to 1 teaspoon of matcha powder into bowl. Add 2 ounces of nearly boiling water while whisking in a W-shape pattern until a fine froth appears. Add matcha powder to smoothies, use to make green tea ice cream, or make matcha energy bites.

Pink Stork was founded in 2015 – but their roots are much deeper than that! Pink Stork’s founder, Amy, and her husband experienced a few excruciating and challenging pregnancies which included debilitating morning sickness. While unable to eat, drink or function and suffering severe weight loss and dehydration, Amy yearned to experience the real joys of a normal pregnancy. Research revealed the natural place to begin started with the gut; in addition to a “total body” approach that offered natural alternatives for pregnant women. Determined to make her 4th pregnancy different, Amy implemented a new pregnancy protocol as soon as she found out she was expecting – and she felt the difference immediately! Having discovered the power of natural and organic healing, she wanted to share these products and empower other women to enjoy their pregnancies!

We have a big story. It's about a mother-daughter team using a plant-based diet to fight cancer. It's about wanting to share that transformative power to help others. It's about being mother-daughter owned and keeping the family spirit in everything we do. It's about feeling good about what you eat and spreading that feeling by giving back. And it's about food that tastes really good. Our story is bigger than a bar. A story big enough to make positive changes in people, and the planet. It's a story that we hope inspires something big in your story too.
